## ***Frankie Potts and the Bikini Burglar* by Juliet Jacka** **illustrated by Phoebe Morris**

**Publisher: Penguin Random House**

**RRP \$11.99**

*Frankie Potts and the Bikini Burglar* is the second in the Frankie Potts series. Author Juliet Jacka builds on her character's ability to connect readers, and converse personally with them as they solve crimes together.

The story has just the right amount of "rude stuff", which kids love, slightly unpredictable animals, and zany adult characters.

The format closely follows the first book, *Frankie Potts and the Sparkplug Mysteries*, which can be comforting to newer readers embarking on the journey of reading 'chapter books'.

Frankie Potts has a freshness about her which will intrigue both girls and boys.

Children will enjoy the Frankie Potts' adventures so much they'll want to apply to the advertisement at the front of the book:

*Wanted.*

*Human detective sidekick for sleuthing and snooping. Must enjoy solving mysteries, investigating, poking around and being a pain in the bum (says your mum) because you ask too many questions.*
