## ***Super Rabbit* by Stephanie Blake**

**Publisher: Gecko Press**

**RRP \$19.99**

For those who loved Simon, the cheeky rabbit in Stephanie Blake's *Poo Bum*, this will be another fun read.

*KAPOW!!! I'm Super Rabbit!*

Simon bounces out of bed and goes off confidently to find some villains, followed by the little blue cat. However he shows his vulnerability when hiding in the hollow of a tree and he calls for Mummy, but then he proved he was very brave when a splinter had to be removed from his finger.

*As the needle approached,  
the little rabbit felt something new:  
he felt **fear** and **pain**  
And he **did not like it.***

This a very colourful book, with lots of words emphasised amongst the simple bold text. The bright, illustrations are expressive and lead to an opportunity for the reader to discuss that it is OK to be scared sometimes. A great read aloud.

**Reviewed by Judy Sail, retired Librarian**
