## **Noisy Dominoes by Soledad Bravi**

**Publisher: Gecko Press**

**RRP \$24.99**

Based on the popular board book *The Noisy Book*, this set of card dominoes is great fun for youngsters. It's a perfect indoor game for enjoyable family time, or for junior classrooms.

The 57 cards show two different pictures of noisy objects, animals, or activities. Similar to traditional dominoes, an identical picture card must be placed on a table beside its companion. When a matching card is put alongside its pair, the player makes the sound of the picture or mimes the action.

The vividly coloured dominoes show a variety of noisy things that can make quite a racket. There are fire engines, drums, donkeys, cuckoo clocks, ghosts, trumpets, cows, bells, sneezes, fire crackers, lions, crying babies, plus a cacophony of other objects and animals.

The dominoes are packaged in a pull-out cardboard drawer that slides into a sturdy box. It's easy to stack away the cards so they can all be kept together.

Be prepared for tremendous fun, endless entertainment, uproarious laughter, and hoarse throats. The dominoes and the book make an excellent companion gift.
